Corporate Snapshot

Established
2000

Annual
Revenue
\$10M

Certifications:

Key Competencies:

- Program & Project Management
- Cloud Computing Services (AWS, IBM, Azure)
- Software Engineering & Application Development
- Web Development (Drupal, WordPress, PHP, .NET)
- Cybersecurity & Information Assurance (NIST, CMMC, FedRAMP)
- Network Engineering & Management
- Call Center & End-User Technical Support

TESTIMONIALS

Recognition:
U.S. EPA 2017 HUBZone
Small Business Contractor
of the Year

Clearance:
Top Secret Facility
Clearance

NAICS Codes:
541130, 541513, 541512,
541990, etc.

Set-asides:
WOSB, HUBZone, SBA
self-certified SDB

Prime Contract Vehicles

 GSA IT Schedule 70

 VA VECTOR

 Seaport Next Generation

 FAA eFAST

Clients Served

Departments:

Department of State,
Environmental Protection Agency,
Department of Defense
(including DISA JSP, USMEPCOM, OSD CIO/WHs)

Agencies:

DHS (CBP, NPPD, OCIO),
U.S. Navy, DOI, GSA, NOAA, ODNI, USPTO, USDA
(in partnership with SAIC)

Strategic Relationships:

- General Dynamics Information Technology (GDIT)
- CACI International (CACI)
- Science Applications International Corporation (SAIC)
- Peraton Inc (Peraton)
- Ace Info Solutions Inc (AceInfo)
- ARTRA Group (ARTRA)
- Cameo Consulting Group (Cameo)
- CenturyLink – Quest Government Services (CenturyLink)
- Delaware Nation Industries (DNI)
- GeoNorth LLC (GeoNorth)
- Insight Global LLC (Insight Global)
- Jinex Technology (Jinex)
- MicroSystems Automation Group (MSAG)
- Morgan State University (Morgan State)
- Performance Value Management (PVM)
- SuperTek Inc (SuperTek)
- Technical and Management Resources Inc (TMR)

Success Stories

Defense Continuity Integrated Network (DCIN) Program Support

Overview: Cogent Solutions served as a subcontractor for the Defense Continuity Integrated Network (DCIN) program under WHS-PENREN, providing disaster recovery and continuity of operations (COOP) support to the Department of Defense.

Key Achievements:

- Accelerated COOP implementation for the Headquarters, United States Marine Corps (HQMC) by 8 months.
- Enhanced interoperability at system, program, and mission levels across DCIN.
- Led modernization of the Pentagon WAN infrastructure, resolving key issues such as lack of scalability, absence of dynamic fail-over, and the need for a coherent management strategy.
- Introduced an ATM WAN core with Multi-Protocol Label Switching (MPLS), enabling redundancy, scalability, and central management of encryption devices for classified and unclassified networks.
- Successfully implemented an equipment tracking system for over 500 pieces of network equipment worth \$10 million, improving logistics and inventory processes.

Impact: Cogent Solutions demonstrated leadership and technical expertise in managing complex projects, ensuring timely delivery of innovative IT solutions, and exceeding performance expectations while maintaining budgetary and operational requirements.

Success Stories

Technical Writing and FISMA Support for Federal Maritime Commission

Overview:

Cogent Solutions performed as the prime contractor for the Federal Maritime Commission (FMC), providing technical writing and Information Assurance (IA) subject matter expertise to support Certification and Accreditation (C&A) services in compliance with Federal Information Security Management Act (FISMA) requirements.

Key Achievements:

- Delivered comprehensive system documentation aligned with NIST guidelines and FMC mandates.
- Supported the FMC in achieving FISMA compliance through meticulous preparation and maintenance of security documents.
- Ensured high-quality deliverables by employing subject matter expertise in both technical writing and IA, facilitating a smooth C&A process.

Impact:

Cogent Solutions' contributions enhanced the FMC's security posture by meeting stringent compliance requirements, improving documentation processes, and ensuring system integrity. This project underscores Cogent's capability to provide specialized IA and technical services as a prime contractor, delivering results within tight deadlines and regulatory frameworks.

Project Summaries Part-I

🌿 **EPA Region IV:**

Provided multi-tier IT support including service desk, LAN/WAN support, data quality control, training, and call center services.

🌿 **USPTO Initiative:**

Supported system integration and stabilization for high-priority IT systems with SAIC.

🌿 **USDA RMA IV & FSA Contracts:**

Delivered system operations, maintenance, and software lifecycle development alongside SAIC.

Project Summaries Part-II

🌿 **NOAA NWC IT Contract (Prime):**

System administration, LAN support, desktop/server support
Cybersecurity and authorization support
Data management and software engineering

🌿 **Department of Army (Maximo – MOTSU):**

Provided database management and application upgrade services

🌿 **DHS Office of Chief Administration Officer:**

Program management for enterprise architecture compliance and web services support

Project Summaries Part-III

✿ **DOD OSD/WHIS – Pentagon:**

Established a Web Center of Excellence and managed cloud migration, earning an ATO.

✿ **Department of State (HR-EX):**

Delivered IT solutions development, modernization, and business analysis services.

✿ **Department of Navy – National Library:**

Delivered operational support and data center services.

✿ **USMEPCOM:**

Full lifecycle project management and server.

Project Summaries Part-IV

US Army (Maximo & TRIRIGA):

Led program management and system engineering for IT architecture and network solutions.

DHS Customs and Border Patrol:

Software development for container profiling in collaboration with Unisys (Top Secret).

DHS OCIO:

Enterprise architecture expertise and 504/508 compliance support (Secret).

US Army – Chief Chaplain Office:

Managed digital record conversion for personnel systems.

Additional Past Performance

Current Performance Highlights

✂ **DOI:**
Delivered SharePoint administration, Tier-2 help desk services, and assurance support.

✂ **DHS NPPD:**
Supported systems engineering and data migration (Top Secret clearance).

✂ **IC Client Support with CACI:**
AWS system administration, web development, and OS development.

✂ **General Dynamics IT Support:**
Staff augmentation across eight subcontracts, including environmental and risk assessments.
